

Family and Travel Vaccinations

We offer the full range of baby, child and family vaccinations. We are able to tailor schedules to your child's needs or international schedule. We have a suggested vaccination schedule below.

Hepatitis B vaccination

We recommend consideration of hepatitis B vaccination in accordance with most other countries and the World Health Organisation.

This is available from birth, but a useful option is the combination with hepatitis A which is often required for foreign travel in any case, this is given from 12 months.

We are more than happy to assist you in continuing another schedule such as the US schedule. We can also provide catch-up vaccinations for those who have missed doses.

Age	Vaccinations	TEAL	SAGE
2 months	Diphtheria, tetanus, pertussis (whooping cough), poliomyelitis, and Haemophilus influenzae type b Pneumococcal Meningitis B Rotavirus (oral)	£100 £110 £160 £80	Included £110 £140 Included

Prices and information for each individual vaccination are shown below, prices are per dose unless otherwise stated. We do not charge any additional consultation fees.¹

Please contact us by telephone or email to book your appointment.

In the case of travel vaccinations please book an appointment at least 6 to 8 weeks in advance of travel if possible. You will receive a link to complete an online pre-appointment questionnaire prior to your appointment. This will allow us to ensure we have all the vaccines you require as some may need to be ordered in advance.

Chickenpox £70	Protect your children from this common childhood illness. Also, recommended for adults who are not immune. For children over 12 months and adults. Two doses at least 1 month apart.
--------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

¹ Except in the unusual occasion when we undertake a pre-travel consultation and no vaccines are given when a nominal £30 charge is payable.
